Parking Spotter - Milestone XProtect Integration

At the Gala Dinner to end MIPS Americas 2017, Milestone CTO, Bjørn Skou Eilertsen and Mikkel Winther, Group Manager, Product Management, announced the first-ever winner of the Milestone Community Kickstarter Competition 2017 – **Parking Spotter**

Parking Spotter Solution offer 2 modules integrated with Milestone:

PS Basic. This option gives access to the basic features of Parking Spotter:

Image processing from configured cameras ; Identification of spot status change; Access to Mobile App; Availability of spots in Mobile App (dedicated for End Users); Identification of the closest parking spot; User guidance to selected spot;
Availability of spots in PS Web Client (dedicated for Parking Owners); BI reports for parking Owner (Parking Occupancy, Average Parking Duration, Arrival Peak time)

PS Alarm. This is a complementary module for PS Basic and will give access to:

Integration with Milestone Alarm Management; Live availability of the alarms in Milestone Alarm Management; Configuration of Automated Alarms: parking in No Parking Zone, Parking In Bus Stations and so on; Configuration of manual alarms: alarms raised by the Mobile users for: car accident, stolen car inside the parking lot; Reports regarding the evolution of the alarms, in Ps Cloud Platform

Integration Benefits

Parking Spot Status Free or Occupied using Machine Learning Algorithms

Connecting to any video camera managed by Milestone XProtect

Mobile Application with Incident Reporting to Milestone Alarm Management

Illegal Parking on Bus Stop event to Milestone Alarm Management

Illegal Parking on Fire Lane event to Milestone Alarm Management

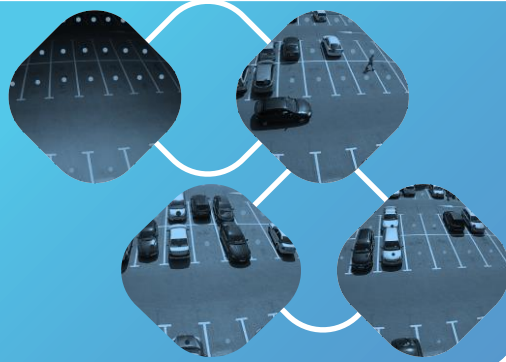

Parking Event on Milestone XProtect Smart Map

About Parking Spotter

Parking Spotter is a very innovative solution that helps end users to find the closest available parking spot and parking owners to improve operational flows, all these by analyzing the video images from all the cameras installed inside the parking lot.

About Milestone

At Milestone, we innovate and achieve together with our partners. When you offer Milestone, you offer more than a video management system. You get the freedom to build a tailor-made surveillance solution that meets your customer's need – now and in the future. That is the power of our open platform community.
